04 BILLING AND COMMERCIAL TERMS

Platform fees are invoiced on the 1st of each month, beginning September 1, 2026. The initial service term runs through August 31, 2027, inclusive, and ends at 00:00 America/Denver on September 1, 2027.

Usage is invoiced separately on the first day of the following month. Aggregate usage across the customer's verified product accounts before applying one calendar-month allowance. No tiers or allowance rollover apply.

For the first partial calendar month, prorate the included allowance by active calendar days and round once to a whole run, half up. Full later months receive the entire allowance. The stated fees are negotiated net prices; no additional invoice discounts apply.

An executed amendment prevails only for the terms it expressly changes. All other terms of this Order Form remain in effect.
